

SX20 -YACHTLINE- UPGRADE

NEW FEATURES OF THE SX20 -YACHTLINE-

Most of the new features of the SX20 -YACHTLINE can be found in the cabin. Most noticeable is the **significantly enlarged hatch**, which provides even more natural light in the cabin. On the port and starboard sides, there are spacious storage compartments behind modernly designed, dimensionally stable cushions that end in a modified bow tip.

In front of a large mirror, there is a **newly designed storage area** for utensils. At the same time, this area can be used as a step through which, thanks to the large hatch, you have additional and **convenient access to the foredeck**.

In addition to the new features, the SX20 -YACHTLINE- impresses with its usual high level of comfort and extensive standard equipment.

The **new sun lounge cushion** with variable fastening options allows comfort when sunbathing and can also...

... can be brought into a comfortable **sitting position** in no time at all. It adapts flexibly to the respective requirements.

The new seats have **pleasant ventilation** and are equipped with a **flip-up function**. The height-adjustable steering wheel is just as variable, and together they guarantee unlimited driving pleasure.

You can find pictures of the new top online on the model page of the SX20 -YACHTLINE-
